*On days where there is not a separate science/social studies block, the content area studies would be integrated into the read aloud, shared reading, reading and/or writing workshop.

*On some days, word study may be integrated into shared reading and/or interactive writing.

*At the start of the year, the reading and writing workshop(s) may be shorter and therefore a second read aloud and/or interactive writing/ shared writing, etc. may fit into the day's schedule.

*In K-2 classrooms, the "10 minute math" may be included in the daily morning math routines.
